

25 Watt Professional Soldering Kit Model: PSK25

Product Overview

American Beauty's professional soldering kits combine our work-horse soldering irons with every imaginable accessory required to help you produce the best solder joints, all in one rugged carrying case. The combination of intense heat and unmatched durability yields a pencil iron that can proudly be called an American Beauty and makes a versatile tool for any discerning craftsman or seasoned electronics junkie. We've talked to solder professionals across all disciplines in order to understand what's necessary to get the job done and preserve the investment in your tool. Whether it be high quality lead-free solder, fluxing agent, cleaning and tinning tools, stands and solder removal devices, you'll find it in this kit.

Features and Benefits

Our **25 Watt pencil-style soldering iron** is specifically engineered to provide enough heat to tackle any electronics wiring job while ensuring the durability to last for a generation.

Kit comes complete high quality lead-free **solder**, ultra-convenient **fluxing pen**, precision **heat-sink** and **desoldering braid**, ensuring that you are never without a crucial accessory.

Proper maintenance is essential when it comes to soldering and this kit comes complete with a **brass-sponge tip cleaner**, **tip tinner**, and **abrasive cleaning pad**.

Our custom designed cases and light-weight stand are **durable** and **easily transported** to any location in your facility.
