MODEL NUMBER: P024-003-13A15D

3 ft. extension cord with a Right Angle 5-15P and 5-15R connectors connects bulky power transformers without blocking adjacent outlets on your PDU.

Features

3-ft. (0.91 m) Extension Cord Connects PCs, Printers, Monitors and Other Equipment This cord is recommended for home/office desktop computer applications, home theater setups or other applications where multiple devices are plugged into a surge protector, PDU or UPS system. It allows you to connect bulky power adapters to a NEMA 5-15R outlet without blocking adjacent outlets. It's also an excellent replacement for a lost or worn-out extension cord. The three-foot length helps reduce cable clutter and minimize the risk of tripping.

Right-Angle Plug Makes Connecting in Tight Spaces Easier The space-saving right-angle NEMA 5-15P connector is easy to install in confined spaces, such as behind your computer desk or workstation. The right-angle construction also relieves strain on the cable and connector and prevents the cable from bending awkwardly.
