650VA 360W Line-Interactive UPS with 6 Outlets - AVR, VS Series, 120V, 50/60 Hz, Tower

MODEL NUMBER: VS650T

Line-interactive UPS provides basic battery backup with AVR protection for your office computer, home theater setup or digital signage.

Features

650VA/360W/120V Battery Backup for PCs, Home Theater or Digital Signage This 120V UPS with AVR protection provides reliable battery backup and AC power protection against blackouts, brownouts, surges and line noise that can damage valuable electronics or destroy data. The six-outlet 120V battery backup is ideal protection for your home office, media center or commerce components, including computers, routers, printers, HDTVs, Blu-ray players, game consoles, ATMs, security systems and digital signage equipment.

Allows Time to Back Up Critical Files During a BlackoutBackup support allows you to work through short power failures, and gives you enough time to safely save files and shut down your system in case of a prolonged blackout. Backup time varies according to load, but the line-interactive UPS system should keep an energy-efficient desktop computer with small LCD monitor powered as long as 32 minutes. During normal operation, incoming utility power keeps the replaceable internal battery fully charged, so backup power will always be available.

Connects Your Equipment to 6 NEMA 5-15R Outlets Four 5-15R outlets provide both battery backup and surge protection for your computer, monitor and other crucial components. The other two 5-15R outlets are surge-protected only for printers, scanners and other non-essential equipment. A high 95% line mode efficiency rating reduces BTU emissions, energy consumption and, ultimately, your energy costs.

Automatic Voltage Regulation (AVR) Corrects Low-Voltage ConditionsAVR protects your equipment from incremental hardware damage, data loss and performance problems caused by brownouts. The VS650T can correct brownouts as low as 89V and overvoltages as high as 145V back to nominal 120V power without drawing on the battery backup needed to support your equipment during a blackout.

316 Joules Fight Back Against Unexpected Power SurgesA 316-joule surge suppression rating protects connected components from the harmful effects of power surges.

Combats Electromagnetic Interference That Can Harm EquipmentVarious electromagnetic and radio sources found in virtually every home and business can cause disruptive interference on the AC line. Known as EMI (electromagnetic interference) and RFI (radio frequency interference), this line noise is a common cause of performance problems and can lead to incremental hardware damage, data corruption and audio/video transmission problems. The VS650T incorporates technology that filters out disruptive

Highlights

- Protects valuable equipment from dangers posed by brownouts, surges and line noise
- AVR battery backup allows time to save files and safely shut down during blackouts
- 6 NEMA 5-15R outlets provide power to PC, home theater or digital signage equipment
- Alarm and front-panel LEDs report online, battery, fault and overload conditions
- High 95% efficiency with low BTU ratings saves power and lowers your energy costs

Applications

- Protect your PC and other sensitive electronics against power surges, brownouts and blackouts
- Operate essential equipment during short-term power outages using battery backup power
- Shut down PCs, DVRs, routers and other equipment without data loss during long-term power outages

Package Includes

- VS650T 650VA 360W Line-Interactive UPS with 6 Outlets
- · Owner's manual

line noise so that it won't affect your equipment.

Easy-to-Read LEDs Report Real-Time UPS and Power StatusThree front-panel LED indicators monitor essential information, such as online, battery and fault modes. An audible alarm will sound in case of low battery, excessive load and fault condition.

Tower Form Factor for Easy Placement in Your Workspace or Media CenterThe long-lasting ABS housing fits easily on a desktop, shelf or anywhere else convenient to your workstation or home theater. The five-foot power cord with NEMA 5-15P plug connects to a properly grounded AC wall outlet.

Specifications

OVERVIEW			
UPC Code	037332212894		
UPS Type	Line-Interactive		
INPUT			
Rated input current (Maximum Load)	6A		
Nominal Input Voltage(s) Supported	120V AC		
UPS Input Connection Type	5-15P		
Input Circuit Breakers	7A		
UPS Input Cord Length (ft.)	5		
UPS Input Cord Length (m)	1.5		
Recommended Electrical Service	15A 120V		
Input Phase	Single-Phase		
ОИТРИТ			
Output Volt Amp Capacity (VA)	650		
Output Watt Capacity (Watts)	360		
Output Capacity Details	5.4A @ 120V. (LINE MODE) 110%+/- 10% @ 5 minutes; (BATTERY MODE) 110% +/- 10% @ 5 seconds		
Power Factor	0.55		
Nominal Voltage Details	120V sinusoidal in line mode and 120V PWM in battery mode		
Frequency Compatibility	60 Hz		
Frequency Compatibility Details	Output is regulated to +/-0.05Hz when input frequency exceeds +/-5Hz of nominal.		
Output Voltage Regulation (Line Mode)	120V (+9%, -12%)		
Output Voltage Regulation (Battery Mode)	120V (+/- 10%)		
UPS Output Receptacles (Surge Suppression Only)	4 UPS outlets, 2 surge-only outlets		
Output AC Waveform (AC Mode)	Sine wave		

Output AC Waveform (Battery Mode)	PWM sine wave		
Nominal Output Voltage(s) Supported	110V; 115V; 120V		
Output Receptacles	(6) 5-15R		
Individually Controllable Load Banks	No		
BATTERY			
Battery Type	Valve Regulated Lead Acid (VRLA)		
Full Load Runtime (min.)	0.5 min. (360w)		
Half Load Runtime (min.)	5.7 min. (180w)		
Expandable Runtime	No		
DC System Voltage (VDC)	12		
Battery Recharge Rate (Included Batteries)	8 hours (10% to 90%)		
VOLTAGE REGULATION			
Voltage Regulation Description	Automatic voltage regulation (AVR) maintains line power operation with an input voltage range of 89 to 145		
Overvoltage Correction	Input voltages between 132 and 145 are reduced by 15%		
Undervoltage Correction	Input voltages between 89 and 108 are boosted by 18%		
Undervoltage Correction			
Undervoltage Correction USER INTERFACE, ALERTS & CON	TROLS		
Undervoltage Correction USER INTERFACE, ALERTS & CON Switches	TROLS Controls off/on power status		
Undervoltage Correction USER INTERFACE, ALERTS & CON Switches Audible Alarm	TROLS Controls off/on power status Audible alarm indicates low-battery, fault, overload and replace-battery status		
Undervoltage Correction USER INTERFACE, ALERTS & CON Switches Audible Alarm LED Indicators	TROLS Controls off/on power status Audible alarm indicates low-battery, fault, overload and replace-battery status		
Undervoltage Correction USER INTERFACE, ALERTS & CON Switches Audible Alarm LED Indicators SURGE / NOISE SUPPRESSION	TROLS Controls off/on power status Audible alarm indicates low-battery, fault, overload and replace-battery status 3 LEDs indicate online mode (green), battery mode (yellow) and fault mode (red)		
Undervoltage Correction USER INTERFACE, ALERTS & CON Switches Audible Alarm LED Indicators SURGE / NOISE SUPPRESSION UPS AC Suppression Joule Rating UPS AC Suppression Response	TROLS Controls off/on power status Audible alarm indicates low-battery, fault, overload and replace-battery status 3 LEDs indicate online mode (green), battery mode (yellow) and fault mode (red)

Shipping Weight (kg)	5.13		
UPS Housing Material	ABS		
UPS Power Module Dimensions (hwd, in.)	5.6 x 4 x 11.8		
UPS Power Module Weight (kg)	4.49		
UPS Power Module Weight (lbs.)	9.9		
ENVIRONMENTAL			
Operating Temperature Range	+32 to +104 degrees Fahrenheit / 0 to +40 degrees Celsius		
Storage Temperature Range	+5 to +113 degrees Fahrenheit / -15 to +45 degrees Celsius		
Relative Humidity	0 to 90%, non-condensing		
AC Mode BTU / Hr. (Full Load)	24		
AC Mode Efficiency Rating (100% Load)	95%		
AC Economy Mode Efficiency Rating (100% Load)	0.95		
Operating Elevation (ft.)	6561 ft. (2000 m) above sea level		
COMMUNICATIONS			
Network Management Card Description	Network management not supported		
Communications Interface	None		
LINE / BATTERY TRANSFER			
Transfer Time	6 milliseconds		
Low Voltage Transfer to Battery Power (Setpoint)	89		
High Voltage Transfer to Battery Power (Setpoint)	145
